# CALIBRATION SERVICES

Gage Crib Worldwide, Inc—News and Notes

Issued March 2016

## Your Calibration Destination!

Gage Crib Worldwide, Inc. represents a handful of reputable calibration laboratories here in the USA. With masters traceable to NIST, our metrology partners provide quick, accurate and affordable calibration to get you back up and running in no time. Along with fast lead-times and affordable prices; we offer calibration services from laboratories with various accreditations: ISO-9000; ISO-17025; ANSI/NCSL Z540.

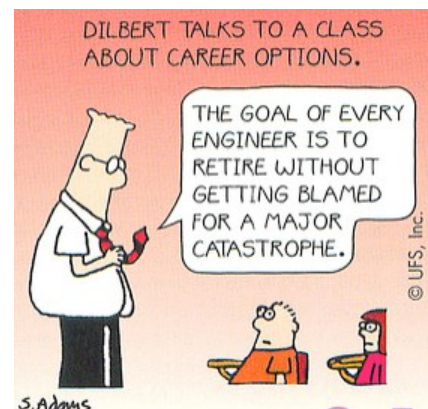

## Why Do Gage Crib's Calibration Services Make Sense?

- Our labs offer ISO-17025 accredited certs
- We represent over 80 Threaded and Plain Gage manufacturers so if the labs can't help, we can usually get you taken care of anyway!
- Highly competitive pricing and turn-around times
- Expedited services available on most items
- We may be able to send a calibration tech to you\*
- If an item fails calibration we may be able to offer repair
- If an item fails calibration and cannot be repaired, we will provide you a quote for replacements
- Our service is designed so that you can ship direct to the lab and they ship directly back to you.

\* In-house calibration has to be requested and agreed upon by one of our labs. Requests will be answered by Gage Crib within 48 hours

***“One stop shop for all of your thread requirements - great lead times, competitive prices, and a knowledgeable staff. A great team to work with and responsive to your needs!”***
